

PROJECT GUIDELINES

HOPE is so blessed with many volunteers, groups, and organizations that are willing to do special projects for our guests and families.

In order to streamline this type of generosity we are establishing the following guidelines.

- HOPE has designated events and activities pre-scheduled in our calendar. These are our top priorities and have been identified as the most impactful to our families and guests. You are encouraged to review those events and activities, and gather your group or organization around them.
- For any projects or event ideas outside of those, please contact HOPE to share your idea prior to planning your project. We require a minimum of four weeks' notice, which will allow us to evaluate each idea, approve the ones that are in alignment with our goals, and coordinate our calendar of events. Not all projects will be accepted.
- For collection or donation ideas, we will work with you on receiving and distribution of the items. You will be required to deliver and unload the project items to our property.

For more information, please coordinate with
Sally Wells, Volunteer Coordinator
